Puppy Questionnaire

We screen all applicants before placing them on our waiting list. We do not accept deposits until puppies are born and we know we have a puppy for you. We limit our waiting list to the size of an average litter, so please, if circumstances change and you are no longer interested in a puppy let us know so we do not turn others away on your behalf.

Visitation is available by appointment to those individuals selected for a puppy from that litter.

All puppies are temperament tested to better match you with the right puppy.

Selection of your pup will be made by us based on your answers to the questions below.
